**Once awarded: Contractor is required to obtain background checks/finger prints on all employees.**

### **QUESTION**

**&**

### **ANSWERS**

1. What are the time frames for the weekly floor clearing to be completed?

The term weekly is self-explanatory. All flooring that is to be done weekly should be done within a one week period. For example if there are 10 areas that need the floors to be cleaned weekly, you can do 2 areas each day for five days so all the rooms will be done within one week. You can then start over the next week on the same first two areas and continue that rotation until the end of the contract. So effectively each area listed for weekly floor cleanup is done once a week. Obviously if you have the capacity to do all the floors listed for weekly cleanup in one day then by all means do them all in one day and then do them again in one week. Again these are only examples. How you do it is not the issue as long as all the floors listed for weekly cleanup are done weekly.

2. EXHIBIT V Last page of the Specifications site visit certification has dates of October 15 2020 for 2021-2022 Janitorial Services Contract.
