 Proposed – a shed located 1 ½ feet from the side yard property line (existing)

Action to be taken prior to December 22, 2022

Kavlin Somrah, the applicant, is sworn in to testify on his own behalf. Mr. Somrah states that he would like to put up a two story addition and a roof over his front porch and a privacy fence. Mr. Hinterstein states that the coverage variance is quite extreme; it's 28.15% where the required is 20%. The fence in the front yard setback needs to be adjusted and moved back

MINUTES OF THE REGULAR ZONING BOARD OF ADJUSTMENT MEETING OF PISCATAWAY TOWNSHIP HELD ON THURSDAY, OCTOBER 27, 2022.

so that it's one section (8') further back for visibility. Mr. Hinterstein states that he believes that the survey does not accurately depict the existing conditions on the property, front stoop and stairs. The stairs today does not look like what is on the survey and the shed looks like it's larger in person than on the survey. It is hard to be accurate with the numbers when the survey is incorrect. He would like the survey updated to show all existing conditions and dimensions. Mr. Somrah can work with the Town on this, maybe he can remove some items, shed, canopy, etc. to reduce the coverage issue. Mr. Hintersein would like it closer to 23%.

Mr. Somrah states that the survey is accurate and up to date. The canopy is a 10 x 10 and he will remove that; he will move the fence back also. He has a swing-set in yard and wants to keep that. He states the shed is accurate, what he wrote is what he measured. He needs the addition, he has three kids and it's a two-bedroom house. Chairman Cahill states that the applicant should drop off new paperwork and revise the plan.

Mr. Hinterstein states that there are some pavers next to the shed, if there is a roof attached to that shed, that counts as building coverage. Even with removing the 10 x 10 canopy, he's still over 26% coverage. He needs to maybe rethink the addition to reduce the coverage. He understands it's an undersized lot, but it needs to be reduced. The swing set does not count as coverage. Mr. Hinterstein would like him to get to at least 25% in building coverage. Mr. Somrah can remove the big shed and put a smaller shed. Application will be continued on December 8, 2022 with no further notice required.

9. **22-ZB-76V** **Camber Pharmaceuticals, Inc.**
Bulk Variance
Block 6703, Lot 2.02; Zone: Redevelopment
800 Centennial Avenue
Applicant would like to install signs.

VARIANCES REQUIRED:

21-1203.3 as Amended by Ordinance 2021-26

Required – one façade sign per tenant up to two facades of the building

Proposed – two facade signs on two facades of the building

Action to be taken prior to January 18, 2023

Attorney: Dmitry Shelhoff

Dmitry Shelhoff, Attorney, is here to represent the applicant. They would like to place 4 signs on the outside of the building which is leased by Camber Pharmaceuticals. The building is located at 800 Centennial Avenue. The main objection that he sees is from Mr. Hinterstein the Landscape Architect. Mr. Shelhoff shares his screen with the Board; it shows the signs and location. They are asking for four (4) signs and in the report Mr. Hinterstein states that it is excessive.

Mr. Shelhoff states that this picture shows where the signs would like to be placed. The ones at the corner of the building will be placed above the doors; they will be obscured from the road by a couple of pine trees. The reason for the signs in that location is for the truck drivers when they come in to the loading dock; they can't see the sign from the road and that is why they need additional signs. Camber does not occupy the entire building, but the placement for the signs are for the drivers to see.

MINUTES OF THE REGULAR ZONING BOARD OF ADJUSTMENT MEETING OF PISCATAWAY TOWNSHIP HELD ON THURSDAY, OCTOBER 27, 2022.

Mr. Shelhoff states there is a sign above the emergency door and people assume that is the entrance so they would like to change that. He believes that they need the four (4) signs. He discussed the MUP that is in the report. Camber is not the owner of the property, they are tenants. The owner of the building should take care of this multi-use path. He understands that this path is for the future so it is not going in immediately and we are just going for signs. They will replace any dead or missing landscaping; the owner.

Mr. Hinterstein states that he feels two signs are not necessary on one side; the exhibit confirms that fact. There is a little bit of a visual issue when you are going west on Centennial Avenue, but on Plainfield Avenue north they can definitely see with one sign. It could be centrally located on the building, it doesn't have to be in each corner. The majority of the traffic coming to the site is from Centennial Avenue, Plainfield Avenue is more residential. Two signs on the building on Centennial Avenue are good and the one sign on the Plainfield Avenue side should suffice.

Mr. Hinterstein states in reference to the MUP, it is between the tenant and the owner who will put that in. He recommends that the applicant speaks to the owner to work it out. Mr. Kinneally states that if the Board is inclined to make those two items a condition of approval, he would recommend that the condition is that the "applicant" or the "owner" is responsible for conditions two (2) and three (3) of the staff report. Mr. Shelhoff would like to know the connection of the signs and the MUP. Mr. Chadwick states that there is no connection, but it is part of the planning process for this area. The improvement is part of the development; it is triggered by making an application.

Mr. Shelhoff states that large trucks are missing the building and have to turn around. He doesn't know when the landscaping and MUP will be complete. Mr. Chadwick states that the applicant or the owner can work with the Town to get everything done. They will agree on three (3) signs, the MUP and the landscaping. Mr. Ronald Cermanaro, Somerset, is sworn in to testify. He states that the one sign on Plainfield Avenue side, there is an emergency exit door is there; he explains the doors. Mr. Hinterstein states that he can put up directional signs instead of another sign on the building. More discussion on the same items.

Mr. Hinterstein will work with them in reference to the dead landscaping. It is up to the applicant to work with the owner in reference to the MUP. Chairman Cahill asks the Board if they have any further questions, none. Public portion open/closed.

MOTION was made by Chairman Cahill to approve the application; seconded by Mr. Patel
YES ON THE MOTION: Steve Weisman, Jeff Tillery, Roy O'Reggio, Kalpesh Patel, Rodney Blount, Artie Hayduck and Chairman Cahill. **NO ON THE MOTION:** None.
