Attorney: Peter Lanfrit**

Peter Lanfrit, Attorney, is here to represent the applicant. Mr. Lanfrit states that the applicant would like to install a 6' privacy fence on a corner lot property. The required is a 35 foot setback and they are proposing to have the fence 15 feet back from the property line. The other reason they are here is for an existing air conditioning unit that is located 6.7 feet from the property line where 10 feet is required. There was a report issued by Mr. Chadwick which did not raise any concerns with the application. Chairman Cahill asks if there are any questions or comments from the Board, seeing none. Public portion open/closed.

**MOTION** was made by Chairman Cahill to approve the application; seconded by Weisman. **YES ON THE MOTION:** Steve Weisman, Jeff Tillery, Roy O'Reggio, Rodney Blount, Kalpesh Patel, Bill Mitterando and Chairman Cahill. **NO ON THE MOTION:** None.

6.     **23-ZB-05V**                     **HBR Properties, LLC**

  Applicant would like to construct a new single family home.

**VARIANCES REQUIRED:**

- 21-501**             Required – minimum lot area 10,000 square feet  
                          Proposed – lot area 8,000 square feet (existing)
- Required – 100 foot lot width  
                          Proposed – 80 foot lot width (existing)
- Required – maximum building coverage 20 percent  
                          Proposed – 22.9 percent building coverage
- 21-613**             Required – 100 foot lot frontage  
                          Proposed – 80 foot lot frontage (existing)

**Action to be taken prior to May 9, 2023  
Attorney: Peter Lanfrit**

Peter Lanfrit, Attorney, is here to represent the applicant. Mr. Lanfrit states that they are here to construct a new single family home on an undersized lot. There are three variances they are requesting this evening. First is for lot minimum lot area, the lot is 8,000 square feet the zone requires 10,000 square feet. The next variance is lot width, 80 feet is proposed, which is existing, and 100 feet is required. In conjunction with those variances, they sent letters to the adjoining property owners to see if they were interested in acquiring the subject property. Both adjoining property owners do not have any available land to sell to them, but by Law they are required to send letters; they have received no response. Mr. Lanfrit states that the third variance is for building coverage; 20% is required, they are proposing 22.9%.

Mr. Lanfrit states that in support of that variance, he will call his witness Mr. Paul Fletcher.

**MINUTES OF THE REGULAR ZONING BOARD OF ADJUSTMENT MEETING OF PISCATAWAY TOWNSHIP HELD ON THURSDAY, JANUARY 26, 2023.**

Paul Fletcher, PP, 54 W Pond Road, Hopelawn, NJ. is sworn in to testify and accepted by the Board. Mr. Fletcher states that the lot requires 10,000 square feet and 8,000 square feet is existing. The lot is vacant and was created in 1971 by file map. The applicant proposes to construct a single family house. There are three variances associated as mentioned; lot width, lot area and building coverage. There is no land on either side available without making those lots non-conforming.

In reference to building coverage, 20% is required and 22.9% is proposed. A conforming lot of 10,000 you would be able to construct a house with a footprint of 2,000 square feet. They are proposing 1,832 square feet which gives a percentage of 22.9%. This lot is slightly unusual, the ROW does not curve where the road curves. If it was a normal ROW there would be an extra 585 square feet of land associated with the lot. If that were the case, the requested variance would only be 21.3%.

Mr. Fletcher believes the coverage variance is a de minimus request on the applicants part not being out of character in the area. The other variances are existing and under the C1 hardship criteria to grant the variances; there is no land available. Mr. Lanfrit states that the house that they are proposing is consistent and compatible with houses in the neighborhood; Mr. Fletcher agrees.

Mr. Lanfrit states that there was a report issued by Mr. Chadwick dated January 24, 2023. Mr. Fletcher has reviewed the report and states that deviations are in character with the neighborhood. Mr. Kinneally asks if the applicant can build a house that is conforming to the setbacks; Mr. Fletcher agrees. Mr. Fletcher states that he doesn't see a benefit for the Town but also does not see a detriment.

**Public portion:**

1. Gerry Wilson, son of Garry Wilson, sworn in. His parents live on 83 Coventry Circle, who are adjacent to this property; they have lived there over 45 years. He tries giving in a petition but is told by Mr. Kinneally that they are not allowed in the State of New Jersey. Lower market values, etc.; they are against the application. Mr. Wilson asks several zoning ordinance questions and is told that the standards are set by the Mayor and Council. He asks if any members of HBR are related to the Zoning Board. Mr. Lanfrit states that there is no member of HBR LLC that is a member of the Zoning Board. There are two principles and one is a Township employee. It is not a conflict of interest. Mr. Kinneally states anyone who would like to build would come in to the Zoning Board as anyone else would have to.
2. Judith Marshall, 64 Coventry Circle, is sworn in to testify. She is against the application. She lives on the street and states she just learned today about the situation. She asks if there would be another chance for the neighborhood to come to another meeting. Mr. Kinneally states that everyone who needed to receive notices under the law was sent a notice; not everyone on the block. Mr. Marshall states that those who weren't aware won't be able to speak. Mr. Kinneally states that everyone within 200 feet as per law was noticed and it was published in the newspaper.
3. Joyclyn Conover, 11 Coventry Circle, is sworn in to testify. She asks about encroachment of the house onto the neighbors' property. Mr. Kinneally states that the house will not be any closer to the property lines that is allowed. Will the house stand out? How big? Mr. Kinneally states that he can't answer that. She would like it within the 20% that is allowed.

**MINUTES OF THE REGULAR ZONING BOARD OF ADJUSTMENT MEETING OF PISCATAWAY TOWNSHIP HELD ON THURSDAY, JANUARY 26, 2023.**

4. E. Lorraine West, 20 Coventry Circle, is sworn in. She states that Mr. Wilson asked several questions of the Board and the Board was not able to answer; she wants them answered before the vote. Mr. Kinneally states that the Zoning Board considers the facts that are in front of them.

5. Mortel Grant, 91 Coventry Circle, is sworn in. She is concerned about the overall esthetics of the new home and is opposed.

6. Otis Richardson, 32 Coventry Circle, is sworn in. He supports Mr. Wilson and is against the application. Mr. Kinneally states that if anyone is against the Zoning Board's decision in any matter, they can appeal that decision to the Superior Court. Mr. Richardson states that he believes that is what the neighbors should do.

7. Tiffany Cruickshank, 75 Coventry Circle, is sworn in. This lot was empty since 1971 so why all of a sudden it has enough space to build after so many years. Mr. Kinneally states that the applicant has brought in an application to develop the property. Zoning review identified several variances and that is why they are here. She states that the previous owner was knocked down so why are they here. Mr. Kinneally states that nothing has been passed. Every application has to be reviewed on it's own merits. This is the first meeting on this application.

8. Kyle Wilson, 87 Coventry Circle, is sworn in. He wants to know how accurate are the lot plans; seems like they are trying to take property from his parents that are on 83 Coventry. Mr. Lanfrit states that the land was surveyed by a professional land surveyor and it shows that the development on the property that is owned by the applicant, not on anyone else's property. If anything, over the years, there has been the use of this property by adjoining property owners without the consent of the prior owner. The plan that is before the Board is the plan that is owned by the applicant which is 8,000 square feet. Mr. Kinneally states to Mr. Wilson that if he believes there is a dispute to the location of property lines or ownership of property, the Zoning Board would encourage him to get his own land surveyor; this would be a boundary dispute. Mr. Wilson understands and agrees.

Ms. Marshall states that the property looks like a trapezoid and is right around the sharp curve. Homeowners might have cars out there and it would be a problem. Public portion closed. Chairman Cahill states that there will be a house on that property, that is why the applicant is here. It is up to the Board to make sure it's the right home for the neighborhood. Zoning allows a house to be built, it's allowed in the zone.

Chairman Cahill asks the Board if they have any further questions. Mr. Weisman states that he didn't here why they should go over the 22.9% in building coverage. Mr. Kinneally states that there are three variances here. The first two are existing conditions and the last is for building coverage. The applicant has shown a hardship in reference to the existing conditions and are entitled to relief. There is no hardship for the 22.9% building coverage. Mr. Weisman states that he has no issues with the existing variance. No other questions from the Board.

**MOTION** was made by Chairman Cahill to approve the application to build a new single family home but deny building coverage; seconded by Mr. Patel. **YES ON THE MOTION:** Steve Weisman, Jeff Tillery, Roy O'Reggio, Rodney Blount, Kalpesh Patel, Bill Mitterando and Chairman Cahill. **NO ON THE MOTION:** None.
